

FLORIAN KALTSTRØM

When the scene talks about deep techhouse sound you can often hear the name of Florian Kaltstrøm.

He is well known for his deep-percussive but clear sound, which brings the mass to the dancefloors. In tracks like "Malternativen" (Karmicsounds Portugal Okt. 2010) or Trisolde (with Miguel Bastida), you can hear that he fulfills himself with the music. Florian Kaltstrøm is also a great act live, equal if he plays alone or combined with other djs.

Since early 2001 Florian Kaltstrøm works as a dj, and played in locations like: Pratersauna (Vienna-AT), Flex (Vienna-AT), Arena (Vienna-AT), Club Shanghai (Essen-DE), Sonic Club (Budapest-HU), Lasershow-Hall (Brünn-CZ) and on Parties, like Vienna Fashionweek 2011, The Room, Hypercube Dance Festival (Brünn-CZ) Plemplem (Vienna-AT), Beatpatrol Festival Preparty, Loveparade 2001 (Vienna-AT), Feever, and Lovebomb.

In the meantime he experiemented with the Rock Genre as Singer in a band. So watch out for new releases from this all-rounder!
